Dash Shaw : 3 New Stories before purchasing it in order to gage whether or not it would be worth my time, and all praised 3 New Stories:

A unique 32 page comic from the author of Bottomless Bellybutton and Unclothed Man In The 35th Century A.D. This stand-alone work will feature three all-new, full-color short stories that explore varied dystopian societies. From a

Sherlock Holmes-style investigator who must complete his high school degree to filmed 'voluntary' nudity to prison camps full of jaded children, Shaw pens each story with his signature style and unique spin, all in 32 pages. Full-color illustrations throughout

"This is a short, floppy-sized comic, but it's incredibly rich in complexity and depth. Shaw delivers an amazing collection of stories here." - Jason Sacks, Comics Bulletin "Kaleidoscopic... Shaw has a deft touch... Like the very best illustrated fiction, Shaw's work moves between pathos and humor, between the fantastic and the familiar." - The Christian Science Monitor
