'68 Jungle Jim is amazing!By BamaGoattIf you like zombies wars and jungle backdrops and animals this book is for you. I hear they are making an animated movie based

on this story ok I saw it in the back of the book and can't wait. I have all 3 '68 graphic novels they are all great this one is probably the better storyline though. Warning if you don't like blood and guts and exploding elephants don't buy it this is full of that stuff.

In 1968, the zombie-infested jungles of Vietnam and Laos explode with the coming of a grim hero for earth's new dark age! Jungle Jim is a one-man army, a reaper in a gas mask...Jack the Ripper with an M-16...armored in burlap and bamboo against the living and the dead as he searches relentlessly for redemption in the heart of a rotting, war-torn apocalypse! The world of the award-winning, sold-out '68 universe expands as this collected volume presents Jim's origin from the original one-shot comic along with the full-length mini-series in one massive, extras-packed graphic novel. Collects '68: Jungle (one-shot) and '68: Jungle Jim #1-4.
