But I truly love the art work of this.Anyways the story is unique in a way. Can't say too much because it's only like 50 pages long I think. It gets a bonus for having the main character as a gender queer knight. Would like to get the next volume.

A lady of the blood house has had her mind trapped in a strange alien root-body. She's hiding on the outskirts of her kingdom until she learns that the alien monster pretending to be her has returned.The first issue of a shared fantasy universe. Sharp genderqueer knights, blood magic, music, dancing, and a goose.
