Erik Larsen : A Force To Be Reckoned With (Savage Dragon, Vol. 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Force To Be Reckoned With (Savage Dragon, Vol. 2):

0 of 1 people found the following review helpful. Savage Dragon is a great little bit of 90s superhero historyBy Drown HollumSavage Dragon is a great little bit of 90s superhero history. It's kind of incredible to read with the context of

Image comics just coming into its own, in mind. This volume is even further bolstered with nostalgia by an appearance by the TMNT. The quality of the stories themselves is shaky, with spotty pacing and some confusing action, but there's some great wit in here and it's fun to boot. I almost wish the book was a little more satirical, but it walks the line well enough. There are some neat seeds here, and I'll be happy to read more. 0 of 1 people found the following review helpful. A Force To Be Reckoned With (Savage Dragon, Vol. 2) By International Comic fan It was a really good read I'm glad I read. Icon comics has really great comic books, I will continue to pick up more volumes of Savage Dragon and other icon comics like invincible and dynamo 5. I also recommend comics from Udon comics as well. 1 of 1 people found the following review helpful. Graphic SF Reader By average The Dragon gets involved with a team of super powered operatives that help him deal with the increasing levels of superhuman crime. He meets Rapture, for one. This trade has the start of the actual Savage Dragon series, and also has some of the backup stories from those books, including some Mighty Man fun.

This book reprints The Savage Dragon #s 1-6, but with some pages in a rearranged order. New pages are included, featuring scenes where The Dragon first meets Rapture, where he battles WildStar, and where Debbie Harris' mother is brought to the Police Department for questioning. It also includes numerous pages and notes from Erik Larsen's personal sketchbook. The TPB also comes packaged with a comic book (pictured below left) called "Back-Up Stories," which reprints the backup stories that were featured in various issues of #1-#6, and features an all-new cover by Jeff Matsuda. Stories include "Star" by Rob Haynes Tony Harris, two "Mighty Man" stories, one by Victor Bridges Terry Austin and one by David Williams Karl Kesel, and "Rapture Ricochet" by Adam Hughes Karl Kesel.
