Kelly Thompson : A-Force Vol. 2: Rage Against the Dying of the Light before purchasing it in order to gage whether or not it would be worth my time, and all praised A-Force Vol. 2: Rage Against the Dying of the Light:

A-Force is assembled - but for how long? When a massive dragon attacks a small coastal town, She-Hulk, Captain Marvel, Medusa, Dazzler, Nico Minoru and Singularity spring into action! But this dragon is more than she seems and

has much bigger plans - including turning one of the team's heaviest hitters against her allies! Will A-Force meet an early end at the hands of one of their own? Or will they be torn apart by the looming CIVIL WAR II? For when a predictive vision proclaims that one member is a murderer, Captain Marvel takes action. A rift is created that sets in motion a chain of devastating events - affecting not just A-Force, but the whole Marvel Universe! Plus, a dazzling Thor steals the limelight...and the foul-mouthed, gun-toting Elsa Bloodstone will blow you away! COLLECTING: A-FORCE 5-10
