Stegel enjoyed the variety of stories and art work, but it seemed very short. I guess I was expecting it to have more in it

considering how long it took for these shorts to get published in TPB. Some of the stories were great, other were so-so. Maybe my expectation were too high since I love Adventure Time comics and I look shorts by indy cartoonists. I would still recommended it, but there are better Adventure Time books out there. 0 of 2 people found the following review helpful. Beautiful By AmandaSuch beautiful artwork, I love it so much. Little expensive, but worth it even still. It is also pretty funny.
