Ryan North : Adventure Time Vol. 4 before purchasing it in order to gage whether or not it would be worth my time, and all praised Adventure Time Vol. 4:

3 of 3 people found the following review helpful. We do not watch the show but we love the comics!!By Andrew Blake's mommyMy seven year old son loves these books. He was very thrilled to get this installment of the Finn and Jake adventures. We do not watch the show but we are completely able to follow along with these books - we have all four. As a mom, I like this comic book because the language is quite manageable for his age and the humor is

appropriate for him. There was a lot of dealings with the Ice King in this one and you just have to love him after this book. The one big shocker for us was learning that Finn has beautiful long flowing hair - who knew?! We kind of wished that the writers would elaborate as to why he has the prettiest hair we have ever seen - how does he fit it into his hat? - oh well. I would highly recommend this comic (all 4 books) since it is fun (we always say bro and totally math now), age appropriate for younger readers and it is light hearted - nothing too dark or creepy (okay there are some dungeons but not scary or give-you-nightmare type dungeons). Happy reading!! 0 of 0 people found the following review helpful. ALGEBRAICBY bbMATHEMATICAL! ADVENTURE TIME SO GOOD SO NICE VERY WORDS MUCH LEARNED.
