I've always pictured him as this stoic and mature man, but this manga really adds some depth into his story. I am super excited for his new longer series that will be coming out soon, I thought this was a bit too short, but then I feel that way with all of them. I got the manga a day before I was told it would get here as well, which is always very exciting! This particular story was great, I loved all of the action and danger, and I loved the love story that was developing. Perhaps the new series will delve further into it. The art was a bit different from the original story (art done by JOB), but it was still amazing artwork, like always. The

manga itself was in fantastic condition. I had no problems with bent pages or marks on the book at all. Sometimes when seeing books in a store there will be little dents around the edges of the front and back cover, but that was not the case here. It really was in perfect condition, which made me really glad that I decided to buy it from , rather than getting it from the one book store near me that carries manga. I'm definitely going to use as my "go to" place for books, if I can.0 of 0 people found the following review helpful. Not bad I guessBy LovelyJI like the story but the illustrations were horrible! I love these books but not a big fan of them changing artist frequently. This one has to be the worst though, it was a bit difficult reading this book because I couldn't get past how terrible the illustrations were :/0 of 0 people found the following review helpful. I like the storyBy Samantha TaylorI like the story, but the illustration, I didn't like. I actually almost hated looking at the drawings because I was so use to the drawings in the other Alice in the Country of Clover books. Love the story, hate the drawings. :/

A new Alice oneshot that focuses on her romance with one-time assassin Gray RingmarcFormer assassin Gray Ringmarc serves his master Nightmare in the Tower of Clover. Known for his mature personality and kindness to animals, Gray also has a dark side. When Alice is whisked off by an adversary, Gray's inner darkness emerges in a fit of jealousy. Now there will be hell to pay. Can Alice tame his reptilian heart?

It may be impossible to beat Lewis Carroll at his own game, but as Alice in the Country of Hearts shows, there are still ways to succeed.
