QuinRose : Alice in the Country of Hearts: Love Labyrinth of Thorns before purchasing it in order to gage whether or not it would be worth my time, and all praised Alice in the Country of Hearts: Love Labyrinth of Thorns:

0 of 0 people found the following review helpful. "Can you stake your happiness on something so uncertain?" No spoilers By Leaf This is based off of an otome game where Alice Lidell is stuck in a twisted version of Wonderland where people have clocks in place of hearts. She can't go home until she fills the vial Peter White gave her but because these books assume the reader has background knowledge of the series, it merely glosses over it. Thus, these books are routes starring the character you want Alice to pursue. One of the reasons this series is so popular is because the heroine is an independent and fiery girl who does what she feels is right and lets no man make decisions for her. She's

not here looking for love. In fact she'd rather not go through it again. The Alice in the Country of Hearts omnibus series butchered the original character's personalities, but each spin off thankfully remained true to the original. As such, if you're curious about the game, please visit here: [...] If you want to play an otome game, I highly recommend Code Realize Guardian of Rebirth. It's in English for the vita and takes place in 1800 London. Otome games aren't purely romance. The stories are strong and can be action packed, adventurous, horror, or cute. If you're interested in otome games, I review both Japanese and English ones here: [...] 0 of 0 people found the following review helpful. I'd been hoping for it to be longer so that Julius and Alice had more time to reflect on their own feelings but I liked this vol. By Colleen Steinbach A little fast paced but romantic as well. I'd been hoping for it to be longer so that Julius and Alice had more time to reflect on their own feelings but I liked this volume none the less. Great for all Julius/Alice shippers! 0 of 0 people found the following review helpful. Another great Julius story. By Ebony Richards I love Juilus so naturally I was eager to get my hands on another story featuring him, and this one did not disappoint.

GAME OF THORNS Alice is an Outsider trying to find her way in a crazy new world. Julius is the Clockmaker, shunned by other role-holders and living like a hermit. Both have shut away their hearts behind walls of thorny vines. But when a meddling outside force turns those metaphorical thorns into something very real, both Alice and Julius must confront their own hearts and admit what they really feel. Otherwise, they could both remain trapped in the labyrinth of thorns forever! Follow Alice, Ace, and Julius in this charming story set in the Country of Hearts, as they navigate their way through a maze like no other.

It may be impossible to beat Lewis Carroll at his own game, but as Alice in the Country of Hearts shows, there are still ways to succeed. **ANIME NEWS NETWORK** About the Author **QuinRose** is a Japanese game developer who created the Alice franchise of video games, which spun off into novels, manga, and an anime feature film. **Aoi Kurihara** is a Japanese manga artist known for her work on Hetalia fan comics.
