It is in my top 5 favorites. Definately a little different drawing from the Kingdom of Clover series but still very likeable. The book arrived in great condition and looks like one from off the bookshelves (actually probably better)! Highly recommend them for your manga

needs. 0 of 0 people found the following review helpful. For Those who are rooting for AlicexHatter's Love Journey!! By Nadia If you already have the "Alice in the Country of Hearts" Series then this is just like previous posts have said: just a summary of this series. I will only recommend to buy this miniseries if you are AlicexHatter fan. I am a truly fan of their relationship. So this miniseries goes a little more in detail when Alice visits the Hatter's Mansion. I strongly recommend it if you are a fan of this couple. If you are new to this series, I recommend to buy the "Alice in the Country of Hearts" series sold on three compiled volumes that is also available on too. 0 of 0 people found the following review helpful. I Love it ! By Shana Hayden I Just want everyone to know that no matter if your into Action, Romance, Adventure, Comedy, or suggestive themes this manga isn't what every one would expect it's better and this author hasn't let me down in the least so far and I loved all her books so far! **DO NOT JUDGE BOOK BY COVER BUT BY IT'S ENTIRETY!** If you read one you easily can find your self so involved in it that it's like a whole new world at the tips of your fingers, the artworks amazing, the character development is awesome and this series is all out and I'd totally get the full thing if I could even if it'd take me as long as it will for me to get the full series of naruto on dvd!

"I Don't Want to Fall in Love...." Freshly arrived in the Country of Hearts, Alice bounces from territory to territory in search of a stable home. She finally falls in with the Hatter family, a group of mobsters led by the seductive Blood Dupre. Yet Alice is shocked to discover that Blood looks exactly like her lost love from her home world. Can Alice see past the memory of the man she once loved and recognize the Mad Hatter for what he truly is?

It may be impossible to beat Lewis Carroll at his own game, but as Alice in the Country of Hearts shows, there are still ways to succeed.
