I love all of the side stories, as well as the main stories, but I did really like this series a lot. Though the Alice x Blood ship isn't my top favorite, this story really made me realize the potential and the soft side of Blood. I can't wait to read more!The manga had a great story that delved more into Blood, who he is, his past, and the softness that he hides from others, since he's the mafia boss. I'm trying to write this without giving away spoilers, which is really difficult, so all I

can say is the story is amazing and well worth the buy. I personally like owning my books, since I like to re-read them a LOT, especially my favorites, and I already know that I'll be re-reading these a lot. This series also got me really interested in Joker and his story. The book itself was in perfect condition, there was nothing wrong with the cover or the pages inside. I really love this particular artist (Mamenosuke) and I'm really glad they are the ones who illustrated Blood's story. I really like the other artist(s) as well, but this particular art style is one of my favorites. Sometimes I'll go into book stores and see books that have some dents and dings around the edges of the cover from where other customers haven't handled the books very well, but I didn't have that problem here. The manga was in absolutely perfect condition. Overall this was a great purchase and I'll definitely be going back to for future manga purchases! 0 of 0 people found the following review helpful. Cute series! By angell've already read Alice in the Country of Hearts, so I decided to check out Alice in the Country of Joker as well! This series is just as intriguing as the Country of Hearts manga in my opinion!!! 0 of 0 people found the following review helpful. Five Stars By Customer it was in a really good shape like i just bought it from a store

The romance intensifies in this new series by New York Times bestselling author of Alice in the Country of Hearts! In April Season of Wonderland, Alice can enjoy some seasonal treats for a changelike a summer festival and even Halloween! But every time she travels between domains, she must first beat the Joker at a hand of cards. What seems like a simple routine turns extremely dark, and Alice is faced with Joker's true nature and the mirror version of himself who's obsessed with buried truths. Can Blood and Peter save Alice from Joker...and herself?

It may be impossible to beat Lewis Carroll at his own game, but as Alice in the Country of Hearts shows, there are still ways to succeed.
