I love all of the side stories, as well as the main stories, but I did really like this series a lot. Though the Alice x Blood ship isn't my top favorite, this story really made me realize the potential and the soft side of Blood. I can't wait to read more!The manga had a great story that delved more into Blood, who he is, his past, and the softness that he hides from others, since he's the mafia boss. I'm trying to write this without giving away spoilers, which is really

difficult, so all I can say is the story is amazing and well worth the buy. I personally like owning my books, since I like to re-read them a LOT, especially my favorites, and I already know that I'll be re-reading these a lot. This series also got me really interested in Joker and his story. The book itself was in perfect condition, there was nothing wrong with the cover or the pages inside. I really love this particular artist (Mamenosuke) and I'm really glad they are the ones who illustrated Blood's story. I really like the other artist(s) as well, but this particular art style is one of my favorites. Sometimes I'll go into book stores and see books that have some dents and dings around the edges of the cover from where other customers haven't handled the books very well, but I didn't have that problem here. The manga was in absolutely perfect condition. Overall this was a great purchase and I'll definitely be going back to for future manga purchases! 0 of 0 people found the following review helpful. Brilliant manga novel By Jackiebubbles13 This is one of best stories out of series as the story is so good and the characters are so funny. I know this as I own all the heart no Kuni Alice series's and this set is the best sequel so far along with the Cheshire Cat waltz which also had a good plot. This is one of the set of manga you need in your life. The art is amazing along with the story I am now waiting for the next volume as it's really good I can't wait. 0 of 0 people found the following review helpful. Great By CheshireAwesome series

Alice in the Country of Joker: Circus and Liar's Game continues the adventures of Alice as she goes deeper down the rabbit hole to the country of Joker. Each volume features impressive artwork by Mamenosuke Fujimaru, the same artist for Alice in the Country of Clover, and includes color pinups. A vision of her older sister has left Alice reeling in Joker's prison. Is she closer to the truth, or is she being drawn deeper into the Season of Lies? And the uneasy truce between Peter and Blood starts to disintegrate when Alice develops feelings for one of them. As Alice faces Peter's selfless love and Blood's burning desire, Joker's threats expand into new tricks in new realms. Alice is no longer safe from Joker anywhere... but neither is Joker safe from Peter and Blood.

It may be impossible to beat Lewis Carroll at his own game, but as Alice in the Country of Hearts shows, there are still ways to succeed. ANIME NEWS NETWORK Nicely done art and hunky hunks make Alice in the Country of Hearts eye candy for shoujo manga fans.
