Black cover with a gilded sliver/black application to the end cut pages. It's really nice. Cover art is great, as well as the inner black and white artwork. The price is fitting for the quality and I have no complaints at all. If you love the Alien franchise, you'll like this story. 6 of 7 people found the following review helpful. Great gift for

Alien fans

This was a gift for my 15 year old daughter. She is a comic geek and an Alien fanatic. She LOVED this book so so much. I also found it at a comic book store and it was way cheaper here. It came tight wrapped so she was the first to break the seal. Made one happy girl.

Another One for the Fans
By Danny
This is a biased review I will admit. I read these comics when I was younger and was elated to see this come out. Though the story itself is not considered cannon it spins a great alternative story line. This one is for the fans for sure and as a fan I highly recommend it

In 1986, James Cameron's *Aliens* brought to theaters the horrors of a new kind of war against a terrifying enemy. Two years later, Dark Horse Comics released a direct follow-up to the events in the film. Years before any talk of a film sequel, the comics series took fandom by storm, selling hundreds of thousands of copies. Though the story was subsequently rendered noncanonical by the film *Alien 3*, the stunningly detailed art by Mark A. Nelson and the seminal script by Mark Verheiden (who went on to write *The Mask*, *Timecop*, *Battlestar Galactica*, *Daredevil*, and many other films and television shows) continued to grip readers' imaginations for years afterward. For the thirtieth anniversary of *Aliens*, Dark Horse is releasing an oversized hardcover edition of the unabridged and unadulterated series, in its original stark black and white!

About the Author
Mark is currently executive producer on *Constantine* for NBC and writer on the feature *Children of Paranoia* for CBS Films. Previous TV work including *Hemlock Grove*, *Falling Skies*, *Battlestar Galactica*, *Heroes*, *Smallville*, *The Strip*, *Time Cop (The Series)*, *Caprica*, *Freakylinks*, *Martial Law*, and *Perversions of Science*. Screenwriter on #1 boxoffice movies *Timecop* and *The Mask*, and the not #1 but still fun feature *My Name is Bruce* starring Bruce Campbell. He has also put out nearly 125 comic books including *The American*, *Aliens*, *Predator*, *The Phantom*, *Superman* and *Superman/Batman*.
