Felipe Smith : All-New Ghost Rider Volume 1: Engines of Vengeance before purchasing it in order to gauge whether or not it would be worth my time, and all praised All-New Ghost Rider Volume 1: Engines of Vengeance:

3 of 3 people found the following review helpful. Awesome Ghost Rider By Cool Girl For anyone who doesn't know, this book stars the newest character to take on the Ghost Rider mantle, Robbie Reyes (the same version of Ghost Rider that's also starring on the current season of Agents Of Shield). In fact, after seeing the first couple of episodes of AoS, and hearing some good things about this series, I decided to give it a try. And I was not disappointed at all. The book

successfully grabbed my attention from start to finish, and as the story went on, I grew to really like this version of Ghost Rider (and this is coming from someone who is a big fan of the original Rider, Johnny Blaze). Anyway, the art was a little weird, but for me personally it was tolerable. Overall, despite the weird art, this book was very good, and I highly recommend it if you're open to trying something new. 0 of 0 people found the following review helpful. Pretty good. By Customer But not as good as when Danny Ketch was first introduced. I think the version of this particular ghost rider was better in S. H. I. E. L. D. Being the reason his brother is in a wheelchair has a bit more impact on the character for me than his bro was just born that way. Have not read the second one yet so don't really know the entire family situation if it's even mentioned yet. Really like the art direction in this and the call backs to Hyde's previous run in with the Ghost Rider witch was also the Danny Ketch series. I guess the big question is who is the spirit inhabiting him. Being revealed a few years ago that all the riders are actually God's spirit of vengeance this guy seems a little different from that. Maybe the only complaint I have is that this seems slightly geared towards a younger crowd. However I watched the shield version first so am slightly biased since it was so freaking amazing, finally nice to see the Rider done justice in a tv or movie medium. This run has a lot of potential so check it out and check out the other Ghost Rider books. Except maybe the original series with Blaze, it doesn't necessarily suck but it is rather boring. 1 of 1 people found the following review helpful. There's not many Latino or Latina superheroes in comics that's why it's always been hard for my friends to get into comics and a By Michelle Gomez I'm gonna start out by saying I'm am of Latino/ Mexican decent. There's not many Latino or Latina superheroes in comics that's why it's always been hard for my friends to get into comics and after I showed them this they instantly fell in love. If your a fan of AOS Ghost Rider you will love this or if u just want to read something new it's fantastic. The Art is freakin Gorgeous the way the artist illustrates fire and the way the fire flows is something I've never seen before in any media. Only bad thing when I got my copy the front cover was bent not terribly mind u but it was definitely noticeable. But screw that this book is a must read.

With four on the floor, Marvel's newest Ghost Rider puts vengeance in overdrive! Amid an East Los Angeles neighborhood running wild with gang violence and drug trafficking, Robbie Reyes has been given a new awesome power! But can the teen handle it, or will it drive him to a path of destruction? As a war brews in the criminal underworld, the streets of East LA flare up with drug-fueled gang violence from Dr. Zabo's power-enhancing narcotics - and Mr. Hyde launches a diabolical plan to expand his underground empire. Robbie meets the mysterious entity behind his possession, but will he submit to the sprit inside him and go too far in protecting his neighborhood? The all-new Ghost Rider takes on Mr. Hyde, with all-out action...and a twist that will hit you at 100 mph!
