**Charles Soule, James Asmus : All-New Inhumans Vol. 1: Global Outreach** before purchasing it in order to gage whether or not it would be worth my time, and all praised All-New Inhumans Vol. 1: Global Outreach:

This Inhuman team makes sense, they have a mission, they have a ship, a global team. It's not just royal drama. They basically are traveling in the wake of the terrigen cloud,

helping the NuHumans left behind while dealing with the different people's and governments the terrigen passes through. Plus it's cool to see Crystal lead a team. I never even knew I liked Crystal until now.0 of 1 people found the following review helpful. BoringBy Paul MorelThe art is great. The writing is sleep inducing. The characters are simplistic and there is a ton of clunky exposition.0 of 2 people found the following review helpful. Five StarsBy JustinGreat read!

As the Terrigen Clouds continue to spread across the world, they leave in their wake the ruined lives of the Inhumanized. Now Crystal - Inhuman princess and former elemental Avenger - leads her own team tasked to help as many of these NuHumans as possible. But Medusa's sister has her work cut out for her. After all, the reactions of the newly super-powered vary wildly -from fear to amazement to outright anger. Then there are the mysterious Skyspears that recently crashed into the Earth, making life even more complicated. But worst of all, there's a dictator hell-bent on turning Inhumans into weapons of mass destruction. As Crystal's team comes together, she'd best hope that Gorgon's training pays off, or they won't all make it out of their first mission alive!COLLECTING: All-New Inhumans 1-4, All-New, All-Different Point One 1 (Inhumans story)
