Mark Waid : AllNew, AllDifferent Avengers Vol. 2: Family Business before purchasing it in order to gage whether or not it would be worth my time, and all praised AllNew, AllDifferent Avengers Vol. 2: Family Business:

2 of 2 people found the following review helpful. And just a Pym of magic By Ian McKee If it were not for the addition of Nadia Pym, the new wasp introduced in this volume, I'd have given it three stars. She really raises the material for me, a lot more than any of the other teens on the team. If not for her, this would have just been more of the same from

last volume, and you can see my review of that if you want to know my opinion on volume 1. So much like the blast volume, this one collects two different storylines the first being the avengers standoff event tie in issues, and the second being the family business arc of the title. The standoff tie ins aren't that good and are only half of a story that crosses over tied uncanny avengers, so here you are only getting half of a mediocre story. That can be good or bad I suppose, but I don't know why those issues are here since they are also collected in the standoff event book. The second story is better but only by half. The stuff with Nadia Pym is really good, and I like how she interacts with her family in vision and Janet Van done, but the plot with the rest of the team is kind of generic. The team wanders into a evil plot of evil harvests conveniently almost ready to destroy the world and they defeat the threat with the magic of teamwork. 2 of 2 people found the following review helpful. Enjoyed the book By Andy Absher Enjoyed the book. The only problem I had with it is that it is interconnected to other stories. You can follow it but it's somewhat cut up. 1 of 4 people found the following review helpful. I'm sure my son will love it. By Maria A. It's a gift. I'm sure my son will love it.

Captain America, Iron Man, Thor, Vision, Spider-Man, Ms. Marvel and Nova are the All-New, All-Different Avengers - but can they stay together long enough to be more than a footnote in the team's great history? Maybe not, when the events of Standoff pit them against the Uncanny Avengers. Who will prove themselves the mightiest Avengers of all? Things get worse as the mysteries of Pleasant Hill deepen. The Avengers can't tell the heroes from the villains - and now they don't even recognize each other! How can they be effective as a team when their memories have been stolen? Plus, the Avengers must face someone new with an old name - one that goes right back to the beginning. Who is the all-different Wasp? And will she be friend or foe? COLLECTING: ALL-NEW, ALL-DIFFERENT AVENGERS 7-12
