Nunzio DeFilippis, Christina Weir : Amazing Agent Luna Omnibus 4-5 before purchasing it in order to gage whether or not it would be worth my time, and all praised Amazing Agent Luna Omnibus 4-5:

0 of 0 people found the following review helpful. Nice continuation By Saeko Aries I read the first omnibus and it was pretty cool. I liked it but some parts were dull. I haven't reviewed the first volume but if I did, I'd also give it a 4 star rating, maybe a 3. I did enjoy this 2nd volume of the omnibus more. Kinda wraps things up a bit and some nice action also. There's hints at the end of this volume that there's more to come, and if you look it up, there obviously is more volumes. I don't think i'll read more than this 2nd omnibus cause the stories seems to kinda drag on so all I can say from reading this far is it was a good little series. 0 of 0 people found the following review helpful. Wowza! By The

Cox Family When I was reading this book I was thinking to myself that if Luna the best agent ever could have fun at anything she did well then why can't I? Then again she's an anime character. Who is an agent but so innocent and I just liked how the illustrator just brought everything to life. Like you can see everything going on. I just love it when they do that. Also it felt like you were in the background just watching. Like for example when family was in a fight it brought Luna to tears and when I was reading this book I was almost brought to tears as well. I just loved that. So if you love anime, spy, butt kicking books I highly recommend this series. 0 of 0 people found the following review helpful. Five Stars By Customer Another great book from the series of Amazing Agent Luna, can't wait to read the next one!

Amazing Agent Luna is the story of Luna, the perfect secret agent. Grown in a lab from the finest genetic material, fifteen-year-old Luna has been trained since birth to be the U.S. government's ultimate espionage weapon. Now she has been given an assignment that will test her abilities to the utmost high school. Posing as an ordinary student at an elite high school, Luna must keep her head down and her grades up while trying to uncover an evil plot. Luna's training has left her completely unprepared to handle the stresses and strains of ordinary teenage relationships making friends, battling rivals, and having her first big crush on bad boy Jonah, the son of her arch-nemesis, Count Von Brucken! Making matters worse, Luna's fake father is the overly warm-and-fuzzy Dr. Andy and her so-called mother is the always businesslike, unemotional "Control." Parental pressure combined with having to stay up late while spying are taking a toll on Luna, and it's only a matter of time before she slips and blows her cover!

An addictive storyline with some truly amazing artwork. NEO An altogether entertaining read. NEWTYPE USA About the Author Nunzio DeFilippis and Christina Weir are a husband and wife writing team who have worked in television for such series as HBO's *Arli\$\$.* They are also veteran comic book writers and have worked on such series as *New Mutants* and *New X-Men*.
