J. Michael Straczynski, Reginald Hudlin, Peter David : Amazing Spider-Man by JMS - Ultimate Collection, Book 4 before purchasing it in order to gage whether or not it would be worth my time, and all praised Amazing Spider-Man by JMS - Ultimate Collection, Book 4:

This collection contains The Other story line as well as a fun story involving Spider-man and the New Avengers. The biggest disappointment to me was

The Other story. I had much higher expectations for it, especially after reading the last collection by JMS. The story felt choppy and not very linear at times and the artwork varied heavily since the story line ran through ASM, Marvel Knights Spider-man, and Friendly Neighborhood Spider-man. I would have preferred that Mike Deodato illustrate the story in its entirety. Most of the visible emotion of the characters is not fleshed out throughout each book, especially in Friendly Neighborhood Spider-man. Despite the artwork and the cracks in the storytelling between books, the story did have its high points. The best part of The Other story is ASM issue #526 where Spider-man fights Morlun. This is probably one of Spider-man's most gruesome fights. Anyways, this book is worth the buy mainly because it is a status changing event in Spider-man's history, and if you like to have complete collections, then you must purchase this. Also, a lot of people liked the Other story, but one of the main reasons that I didn't like the story was because I was trying to compare it to The Death of Spider-man in Ultimate Spider-man. So, take my comments about the disappointment of The Other story line with a grain of salt. This book is still worth the buy!

Just make sure the seller ships your comic and it arrives in one piece with no forms of damage of any kind!

Trump Tower has nothing on Spider-Man! Spinning out of the pages of New Avengers, you won't believe what the fickle hand of fate has in store for Peter Parker, Mary Jane, and Aunt May! But even as Peter and his family adjust to their great new pad and cool new clique, the hordes of Hydra make a final push to take over the United States! Will the Web-Head and the New Avengers stop the revitalized Hydra from bringing America to its knees? And if so, at what cost? And in THE OTHER, Spidey faces his biggest threat yet - a foe so insidious he can't hope to handle it alone. With friends like Reed Richards, Stephen Strange, and Hank Pym, he won't have to. But can even the world's greatest minds change the course of fate? And if they could, would they dare? Having finally accepted the truth, Peter Parker decides to put the red and blue tights in the closet and spend some quality time with Aunt May and MJ. But Morlun's got other plans - and this time, there's no Ezekiel to help the Web-Slinger. If he's going to have any hope to thwart Morlun's obscene mission, he's got two choices: Evolve or die...!
