Stan Lee : Amazing Spider-Man Epic Collection: Great Power before purchasing it in order to gage whether or not it would be worth my time, and all praised Amazing Spider-Man Epic Collection: Great Power:

1 of 1 people found the following review helpful. Great purchase.By Chris MaidaMore wonderful stories. Currently working on reading the entire run, with these early stories being some of the best ever.3 of 3 people found the following review helpful. Spider-man greatness...By CozzsterFinally, early spider-man issues collected in an

affordable format. I love these stories, as I'm sure many people do, because Peter Parker is a very relatable character for many people. Stan Lee captures his geekiness on one side, but on the flip side he catches the man Peter wants to be but can only be when he is spider-man because he wears a mask and has nothing to fear. These issues are great introductions of some of spider-man's greatest villains that remain in his rogues gallery still today. We meet Chameleon, Vulture, Lizard, Tinkerer, The Enforcers, and of course JJJ. This is essential to anyone who is a true fan of spider-man comicdom. Great reprinted artwork, high quality pages. Highly recommended. 1 of 1 people found the following review helpful. Great! By Dilligan I love it. Spider-man has the most interesting stories of any of the old Marvel comics I've been reading (Captain America, Avengers, X-men, Thor). The only thing that disappoints me is that the next epic collection does not pick up where this one left off. This book has everything that is in the Amazing Spider-man Marvel Masterworks 1 and 2 except for issues 18 and 19. So I could pick up the Masterwork volume 3 and go from there, but I'd miss issue 18 and 19... That's nothing against this specific book though.

In 1962, in the pages of a comic book slated for cancellation, Stan Lee and Steve Ditko gave birth to one of the most enduring icons in American popular culture - the one and only Amazing Spider-Man! Turning the concept of a super hero on its head, they imbued the young, guilt-ridden Peter Parker with the fantastic powers of an arachnid and the fantastic pressures of an everyday teenager. The combination was pure magic. With this Epic Collection you can leap into Spider-Man's web-slinging world from the very beginning. COLLECTING: AMAZING FANTASY (1962) 15, AMAZING SPIDERMAN (1963) 1-17, ANNUAL (1964) 1 (AMAZING SPIDER-MAN EPIC COLLECTION VOL. 1)
