By VinceCasc  
The original volume of the Amazing Spider-man has a way of immersing the reader in Peter Parker's life which few other comics have been able to pull off with their characters. His life is constantly moving forward, and the stories all seem to contribute to a single, overarching narrative. So considering that, it's a wonder how a story arc with such a starkly different tone feels so natural set against the backdrop of Spider-man's then twenty-five year history.  
Kraven's Last Hunt is the best tale from Spidey's best era (the mid-80s on through Micheline/MacFarlane's introduction of Venom). The story sits at a perfect point in AMS history, with more depth than the comics of Stan Lee's run, but without the convoluted crap of the Clone Saga.  
Absolutely loved how thick this collection was. It provided all the background that previous collections didn't (Spider-man vs. Wolverine, part of the Hobgoblin arc, and even the famous wedding in AMS annual #21). When you actually get to the six-issue storyline, there is much more weight behind it, which makes it all the more satisfying to read. I do wish it could have included an older issue with Kraven, perhaps his first appearance, just to familiarize us more with the character. Regardless, both the artwork and writing are fantastic, and it really makes me hope that the upcoming Spider-man films can take inspiration from this era in the comics.

By Graham GI LOVED this Spidey Epic Collection! In fact, it is one of my favorite releases so far in the Epic collection line! My enjoyment was definitely nostalgic, as these were some of the very first Spidey books I ever picked up as a kid off the newsstands. I can still remember the local town bookstore where I picked up the Kraven's Last Hunt issues off the racks as a kid. However, after re-reading I am very proud to say after three decades the stories still stand the test of time! This has to be one of the top 5 Spidey stories of all time. Powerful. Classic. Trend setting. Just an amazing read. A++  
In other news, after all these years, I'd never actually read Web of Spider-Man #29-30 so I was pleasantly pleased with the resolution to the Rose/Hobgoblin story. I can now see why others have said they were a must for inclusion in this Epic Collection volume. They fleshed out and expanded upon plot points in the main Hobgoblin revelation issue, in Amazing Spider-Man #289. Well done, Marvel!  
Highly recommended!

By VICKI R  
purchased these for a friends birthday and it was a instant hit.

Peter Parker and Mary Jane Watson are getting married! But Kraven the Hunter is going to make sure the wall-crawler ends up six feet under... literally! It begins with an all-time classic encounter with Wolverine that changes Spidey's life forever, and leads to the death of one of his best friends! In the wake of tragedy, Peter pops the question - but the honeymoon will be short-lived, as Kraven goes to extreme lengths to prove himself better than his greatest foe! The Hunter will learn that it's one thing to defeat Spider-Man - but quite another to expect him to stay down!  
COLLECTING: VOLUME 17: AMAZING SPIDER-MAN (1963) 289-294, ANNUAL 20-21; SPIDER-MAN VERSUS WOLVERINE; PETER PARKER, THE SPECTACULAR SPIDER-MAN (1976) 131-132, ANNUAL 7; WEB OF SPIDER-MAN (1985) 31-32
