It will move you.0 of 0 people found the following review helpful. It was a great build up to an amazing endBy CustomerI have wanted to collect this story for years, now I have it. I had the Gwen Stacy story before and I wanted to complete the series. It was a great build up to an amazing end. Thanks for a great product.10 of 11 people found the following review helpful. A shocking turning point for Spider-ManBy A FanAnother excellent collection of Marvel's premiere superhero, Spider-Man. This volume starts with 1972's "The Amazing Spider-Man" number 105, the Spider Slayer storyline, and ends with 1973's issue 123, the funeral for Gwen Stacy with an appearance by Luke Cage. By this time, Spider-Man was firmly established as Marvel's leading solo superhero with a well known backstory and supporting cast. This book includes appearances by Dr. Strange and the Hulk as well as villains Doctor Octopus, Kraven the Hunter, Smasher and the gangster Hammerhead. Issues 121 and 122 contain probably the most surprising occurrences in comic history, the deaths of Peter Parker's love Gwen Stacy and the original Green Goblin Norman Osborn. Those issues not only shocked readers, but forever altered Spider-Man's storyline. The artwork and stories are very good for the period; most of the art is by the legendary John Romita with some by Gil Kane, while the writing is mostly Gerry Conway. The reproduction is excellent and the book includes some extras at the end. Marvel's Epic Collections are quality paperback books presenting the original comics in color (unlike Marvel's Essential line which are black white) and are more affordable alternatives to their Omnibus and Masterworks collections. This book is a must for any Spider-Man fan!

The tension-torn adventures of comics' most put-upon super hero, the Amazing Spider-Man, continue! Stan Lee, John Romita Sr., Gil Kane and Gerry Conway bring you new creations like the Gibbon, and the return of iconic adversaries like Doctor Octopus and Kraven the Hunter! The drama reaches its peak when the Green Goblin kidnaps Gwen Stacy, in the story that put a generation into therapy and cemented the Goblin's name as the definition of evil. .Don'tmiss this seminal chapter in Spidey's history ! COLLECTING: AMAZING SPIDER-MAN (1963) 105-123
