SpideyPeter Parker comes back to NYC for a charity event and finds out Mary Jane is now working for Tony Stark. Plus, Regent makes his debut in the regular Marvel U. This is maybe the first Dan Slott, Spidey story I didn't like. All the infighting between Pete and Tony Stark felt juvenile instead of funny. Plus, way too much awkwardness with Mary Jane. And then all the retconning that had to be explained from when MJ and Pete were together bored me to tears. It feels so hollow. I think Marvel is better off not going into specifics about how their relationship was revised. That history was erased, so let's just let MJ and Pete move on with their lives. The Regent story felt like a complete rehash of the Secret Wars story. Regent pretty much immediately becomes more evil than the guys he's trying to stop. The story would have played out better if we saw a slow slide through necessary evils. But Regent is all "Oh, you know the truth. Now you have to die for the greater good of me stealing everyone's powers." It rings very hollow.

The Amazing Spider-Man, Iron Man, Spider-Man and the rest of the All-New All-Different Avengers come together for this huge story! The most dangerous foe from SECRET WARS, REGENT makes his true intentions known - and it will take the greatest heroes of the Marvel Universe to stop him. COLLECTING: Amazing Spider-Man 12-15, Amazing Spider-Man Annual 19, Amazing Spider-Man (2015) 1 (Regent story)
