Dan Slott, Christos Gage : Amazing Spider-Man: Worldwide Vol. 5 (Spider-Man - Amazing Spider-Man)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Amazing Spider-Man: Worldwide Vol. 5 (Spider-Man - Amazing Spider-Man):

4 of 4 people found the following review helpful. Twist at the end. Worth reading! By Richard BI thoroughly enjoyed

the Worldwide arc. Unlike the other reviewer, I feel Slott's work has been great. Have there been hiccups? Silk... could've been better. Gwendy's (nth) return, yeah, no real oomph to it. But c'mon, the surprise reveal at the end? I felt like some of Ock's storyline could've been better handled, but overall the whole arc was well written with some twists that I didn't see coming, some good art (Humberto Ramos is the modern master. Camuncoli is no Ramos-- Pete's face always looks too sinister or old-- but he's no slouch either. I felt the arc sagged in the middle a little, as swampy middles sometimes do, but all in all well written with plenty of quips and thwips from Spidey as Pete gets in over his head and Spideys as hard as he can to save the day and honor Uncle Ben's maxim. Worldwide #5 has an interesting twist with a familiar face from Peter's past that sets the stage for further interesting developments from Slott. 1 of 1 people found the following review helpful. the main story is in "The Clone Conspiracy" miniseries and Amazing Spider-Man just extends that story. By SpideyGo read Spider-Man: The Clone Conspiracy instead. All of this except for the annual is in there. Just opening the first page contained spoilers. For some reason, the main story is in "The Clone Conspiracy" miniseries and Amazing Spider-Man just extends that story. Marvel should never have even published this on its own. The annual isn't really even worth your time. It's three stories by B-team's with just OK to terrible art. Even the story by Wayne Brady from "Who's Line Is It Anyway?" wasn't funny. 0 of 0 people found the following review helpful. Four Stars By Ricky I have really enjoyed the worldwide arc with the clone conspiracy event.

Death is no more, and the Clone Conspiracy rocks the life of the Amazing Spider-Man! And if things weren't bad enough for the wall-crawler, now Doctor Octopus has returned from the grave! What does he have to do with the Jackal? Plus, the return of Carrion means big trouble for...the Scarlet Spider?! Where has Kaine been and what role will he play in the Jackal's twisted plan? COLLECTING: AMAZING SPIDER-MAN 20-24
