**Mark Millar : American Jesus Volume 1: Chosen (v. 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised American Jesus Volume 1: Chosen (v. 1):

0 of 1 people found the following review helpful. strong twist on religion in modern AmericaBy Frank L. Greenagel IIJodie is 12 and is quickly discovering that he has several knew powers: he knows a lot about history, can survive an 18-wheeler dropping on him and he can heal people. Is he the 2nd coming?Millar is an engaging writer, and the artwork is good (but more importantly, there are several hidden meanings in panels throughout the story).I'm eagerly

awaiting the next volume.0 of 1 people found the following review helpful. A Good BookBy Benjamin J. KregerI really liked this book, but I don't feel rating it higher than 3 stars for a couple reasons.1. My biggest problem is the dialogue. While it takes place in the 80's, the kids don't really speak how American kids spoke at the time, it feels more like how British kids spoke. (That may be an odd thing to say unless you know Mark Waid, the writer, is from the U.K. and I've spent far too much time watching movies from the era).2. The sequel, promised to come out at the end of the book, by 2009, has yet to see the light of day with no word as to whether or not it's even written let alone drawn.3. The printing is subpar. The spine of the book looks weak and upon multiple readings I'm expecting it to fall apart as my other trades from Image printed in China which have. That said, it is a unique take on the End of Days story and if you enjoy comics based on Revelations than this is well worth the read. I am looking forward to the sequel and hope its coming is just around the corner.5 of 8 people found the following review helpful. where's the next volume?!By AlicarThe only problem with this book is it leaves you wanting the next volume...which, apparently, has yet to be written. Anyway, a great account of what things would look like if the messiah, and the anti-messiah, were to show up in this culture. Good stuff.

From the writer of the Universal hit, *Wanted*, comes his next graphic novel on the way to becoming a feature film! *American Jesus Volume 1: Chosen* follows a twelve-year-old boy who suddenly discovers he's returned as Jesus Christ. He can turn water into wine, make the crippled walk, and, perhaps, even raise the dead! How will he deal with the destiny to lead the world in a conflict thousands of years in the making?
