**Brian Lynch, Joss Whedon, Alex Garner : Angel: After the Fall, Vol. 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised Angel: After the Fall, Vol. 1:

4 of 4 people found the following review helpful. MOAR ANGELBy C. DizaWhen I heard that the Buffy and Angel series had continuations in comic form, and that Joss Whedon (creator of Buffy and Angel) was actually involved... game changer. This story picks up a few months after the series ended and it's just great to read about what happened to everyone. The comics are definitely more intense because they can go places that the series couldn't. It's darker, gorier, a little more adult, and perhaps a little more campy... Personally, I like it. The book itself is softcover, but very

high quality paper. Illustration is beautiful, both on the covers and in the comic itself. Story is a little confusing at times, but the characters all feel like the characters you know and love. If you loved Buffy and Angel and want to know how their story continues, and you're okay with comics as a medium, BUY THIS! If you're someone who needs to read things chronologically, some direct prequels to the events of this comic are: -Angel: After the Fall: First Night. This is volume II of the series but actually takes place before the events of Angel: After the Fall Volume I- Spike: After the Fall. This volume account for what happened to Spike between First Night and Angel: After the Fall Vol I. 0 of 0 people found the following review helpful. Shaky art By monesque The story is a bit disjointed, but it starts to come together if you can remember everything from the last season and pick up in what seems to be the middle of the next at times. You're not clued in very quickly. The biggest problem, however, is the art... A bit rough. 1 of 1 people found the following review helpful. Groovy! By John Michael Strubhart What a fight! What a night! Angel, Wesley, Spike, Groo, Connor, Ilyria and more! If you didn't get enough of Angel on TV, it continues in the comics!

In Angels final television season, his world ended... but his story didnt. Picking up where Season Five of the fan-favorite TV show left off, this first collection looks at who lived after that climactic battle, who died, and what happened to all of Los Angeles in its wake.
