Joss Whedon, Brian Lynch : Angel: After the Fall, Vol. 2: First Night before purchasing it in order to gage whether or not it would be worth my time, and all praised Angel: After the Fall, Vol. 2: First Night:

0 of 0 people found the following review helpful. Unfortunately skip-worthy By Paul E. Heroy After reading and enjoying the first volume of Angel: After the Fall, I was eager for more in the 2nd volume. I wish I had researched it a little more, though - this book felt like almost complete filler material. The 2nd book is half the quantity, and much less than that in terms of story. As mentioned in other reviews, it's a series of one offs and barely involves the main characters of Angel. I hate to say it but I felt a little ripped off by this volume - it should be an appendix, or better yet

for an expensive hardcover series, an apocrypha. There just isn't much here and unless you're a serious collector/completist, or you can borrow it or find it used cheap, I would skip this one. 0 of 0 people found the following review helpful. Love it By drman I am making my own comic book and wanted to get the feel of how it continues after it starts. Now I have read this and I have many ideas coming to mind all for research and fun purposes 0 of 0 people found the following review helpful. Meh, you won't miss much of importance by skipping it. By Tim Weeks I was hoping for more. The first issue was good and entertaining, but the second one didn't really add anything. It seemed like it was an afterthought instead of planned.

The second softcover collection of IDW's smash-hit *Angel: After the Fall!* First Night begins! What happened on the very night Los Angeles went straight to hell, the incident that ended the *Angel* television series with such a shocking cliffhanger? Why did the team go their separate ways? And how did Connor rise up to become one of Hell's greatest champions?
