Margaret Atwood : Angel Catbird Volume 1 (Graphic Novel) before purchasing it in order to gage whether or not it would be worth my time, and all praised Angel Catbird Volume 1 (Graphic Novel):

5 of 5 people found the following review helpful. Amazing graphics and interesting storylineBy Ms TiaI was never into comics but this has won me over. I especially loved the graphic illustrations. Johnnie Christmas is very talented in bringing the characters to life. Atwood made a great choice in selecting him for her first graphic novel.3 of 3 people found the following review helpful. Great way to introduce friends and neighbors to the idea of NOT letting their housecats roam outside to eat songbirds!By DJ HuffLove the illustrations and the statistics about cats eating songbirds

every few pages. 0 of 0 people found the following review helpful. Cool idea but...By Del StephI really liked the idea of Angel Catbird and his character design is pretty awesome. Maybe it's just because this is the "origin story" issue, but I found a lot of this book cringe worthy and super cheesy. The cat facts were also..hmmm...just weird. I get it, but I don't get it. Hopefully books 2 and 3 are better, but after this, not sure if I'd pay to continue.

The Booker Prize-winning author of *The Handmaid's Tale* writes her first graphic novel, a cat-centric all-ages New York Times bestselling adventure. On a dark night, young genetic engineer Strig Feleedus is accidentally mutated by his own experiment and merges with the DNA of a cat and an owl. What follows is a humorous, action-driven, pulp-inspired superhero adventure-- with a lot of cat puns. Lauded novelist Margaret Atwood and acclaimed artist Johnnie Christmas collaborate on one of the most highly anticipated comic book and literary events of the year! Published in over thirty-five countries, Margaret Atwood is one of the most important living writers of our day and is the author of more than forty books of fiction, poetry, and critical essays. Her work has won the Man Booker Prize, the Giller Prize, Premio Mondello, and more. *Angel Catbird* is her first graphic novel series. Atwood's *The Blind Assassin* was named one of Time magazine's 100 best English-language novels published since 1923 and her recent *MaddAddam Trilogy* is currently being adapted into an HBO television show by Darren Aronofsky
