Joss Whedon : Angel Omnibus before purchasing it in order to gauge whether or not it would be worth my time, and all praised Angel Omnibus:

Although it isn't considered 'canon', I treated it more as an animated series that take the show from another angle, while implementing and working alongside canon events. The artwork varies well and the stories get better and better each issue. Absolutely LOVED it! Some of the story and dialogue didn't match the characters at times, and some decisions that Angel made in the comics didn't feel like the ones he would make in the show.

However, I liked that it was different. Like I said, it took the show from a new angle and made it seem like fun, animated side stories. Such a great read, for sure will read multiple times. 5 out of 5 stars for sure. 0 of 0 people found the following review helpful. One story from Joss Whedon is epic, other stories are "good enough". By Saiffer One story from Joss Whedon is epic, emotional and well crafted with plot twists. Other than that, most of this Omnibus is "good enough". Characters are Angel-like but stories are very simple. All in all - nice reading with one great story from Joss. My rating for individual stories: 3/5 Surrogates 3/5 The Changeling Wife 3/5 Earthly possessions 3/5 Hunting ground 3/5 Beneath the surface 3/5 Strange bedfellows 2/5 Vermin 3/5 Little girl lost 3/5 Cordelia 3/5 Point of order 4/5 Angel (from Scott Allie - editor) 5/5 Long night's journey (from Joss Whedon) 1 of 2 people found the following review helpful. interesting, very cool By dragon lover!!!! arrived on time and was just what i wanted, very pleased with this purchase. great addition to my buffy/angel collection!
