Though some references are now dated, his slant on our consumer culture still rings true. Buy it and read it several times through.2 of 2 people found the following review helpful. THE CLOWN IS GOOD.By A CustomerZIPPY is THE most original and greatest comic in

mainstream press today. It's art is fantastic; the writing sublime (and sometimes just plain stupid--but in a good way). Bill Griffith CARES about his craft. This comic is not out to just be "topical" or just deliver a daily "gag" (too many strips deliver gags--and not the good kind). ZIPPY is a comic about the love of cartooning and writing and observation. Try it--you maynot get it at first but if you stay with it it gets you!1 of 1 people found the following review helpful. non-sequiter humor at its most profoundBy Robin C. FaradayFor awhile I just didn't get Zippy but once I did...this collection of Zippy comics is one of my all time favorites!
