**Robert Venditti : Armor Hunters Deluxe Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Armor Hunters Deluxe Edition:

1 of 1 people found the following review helpful. Another great hardcover from valiantBy Sawh82This collects the excellent armor hunters event in its entirety. As with the other valiant deluxe collections this is a quality edition with nice binding, paper etc. The origin of the armor hunters (the antagonists) is really fleshed out so the reader understands their motivations. The bloodshot scenes are fun and the harbinger issues set in devastated Mexico city were great. Faith and torque get a lot of attention in theses issues. Gin gr the sentient robot gets her introduction here. If you enjoy

unity and have not read this yet, you should. It lays the foundation of the current unity team. My only gripe is I wish x-o manowar was featured more because he is the catalyst for the story. Pick this up, it is money well spent. 0 of 0 people found the following review helpful. Man VS Machine By P The first big crossover by Valiant I've read and overall found it to be pretty well done. Not perfect mind you, but the overall execution of the story is a good one. Continuing X-O Manowar's story while expanding the greater Valiant Universe, overall a worthwhile read. 0 of 1 people found the following review helpful. Too expensive to read! By Enrique S. Ramos I just got this book. Now it's selling between \$400 and \$2000. I recently fell in love with the Valiant universe, now I'm afraid to open it!

Re-presenting Valiant's sold-out crossover event in complete chronological order! From New York Times best-selling creators Robert Venditti (X-O Manowar, The Flash), Matt Kindt (Rai, Mind MGMT), Joshua Dysart (Harbinger, Unknown Soldier), Doug Braithwaite (Unity, Justice), and more top talents, the acclaimed Armor Hunters saga gets the deluxe oversized hardcover treatment with more than 20+ pages of never-before-seen bonus materials! When Aric of Dacia returned to Earth with the stolen X-O Manowar armor of an alien race, he thought he'd finally found a weapon to guard the peace and kingdom he'd struggled so long to secure. But now, a relentless and surgical strike team from the farthest reaches of space - sworn to exterminate the armor and all like it - have found their final target. The Armor Hunters are coming. They will hunt. They will trap. They will kill. And they will rid the universe of the X-O Manowar armor's incalculable destructive power...even if it means taking the Earth with it. Collecting Armor Hunters #1-4, Armor Hunters: Aftermath #1, Armor Hunters: Bloodshot #1-3, Armor Hunters: Harbinger #1-3, Unity #8-11 and X-O Manowar #23-29, with more than 20+ pages of bonus content and rarely seen special features.
