**Marc Guggenheim : Arrow Season 2.5: From the World of The CW TV Show** before purchasing it in order to gage whether or not it would be worth my time, and all praised Arrow Season 2.5: From the World of The CW TV Show:

I love how they included characters that we generally miss on the show. I loved Digg's story line because i think it's relevant to our society today. I feel this book does a great job

with the illustrations I definitely prefer them over the first two volumes. There are a lot of unanswered questions that will get answered by these stories simple ones, but that's something. For example, does Felicity ever get the bottle of wine she's promised? How does Roy Harper get his suit? or Who was the first person to put in Oliver's head to try and get Queen Consolidated back? A lot of people we've missed make an appearance in this volume and I think some of them are here purposely in order to set up for season four. The banter is well-written. I suggest if you like the first two volumes to try this one. 3 of 3 people found the following review helpful. Buy it now! Don't wait! By GoodwinsGall bought all the issues in digital format as they were released every other week last year so when this anthology collection came out, I knew I had to grab it. This was a fabulous story and the Brother Blood/Felicity Smoak kidnapping storyline in it was totally the best part. If you love Arrow, its action, adventure, danger and romance? You have to buy this anthology. 1 of 1 people found the following review helpful. Good book By Kindle Customer It answered a lot of questions about season 3 premiere that I had. It also helped me understand the motives behind season 3 and why they did what they did. Great book I recommend it to everyone who loves the TV show. Also those who just like a good story.

An all-new series--and season--of Arrow begins! Bridging the gap between seasons 2 and 3 of the hit TV series, **ARROW SEASON 2.5 VOL. 1** follows Oliver Queen's story as he battles the Church of Blood, with the fate of Starling City hanging in the balance. Written by show creators Marc Guggenheim and Andrew Kreisberg, this collection features an all-star cast of Oliver's greatest allies and enemies including the Huntress, Black Canary and Deathstroke! Collects **ARROW SEASON 2.5 #1-12**.
