**Chris Lawrence : Art Of Red Sonja** before purchasing it in order to gage whether or not it would be worth my time, and all praised Art Of Red Sonja:

3 of 3 people found the following review helpful. Uneven QualityBy sitdownbikeThis book was worth the price. I actually read it and found the text informative regarding the Red Sonja character. About a third of the illustrations in the book are what I would call good to excellent. More than half just are not very good. The comics industry does this all the time, they create a following for a book by assigning a rock star illustrator for 6 months or so and then hope that the readers will continue to buy the title because of the storyline after they put in a lesser art team. It is particularly offensive when a book like this comes out with a dozen or 2 good to excellent illustrations and the rest is filler.0 of 0

people found the following review helpful. Five StarsBy R. John MorrisseyLots of enjoyable color art. I appreciate the ideals behind this work.0 of 0 people found the following review helpful. This is a great collection of art from Red SonjaBy Jacob purvisThis is a great collection of art from Red Sonja. There is very little about the history of the character, but I actually liked the fact that the vast majority of the pages were full of art. This is an art book, not a history or character analysis. Just a beautiful book full of art.

Red Sonja has been untamed for 35 years, and along the way there have been some great artists who have helped make her one of the most successful heroines. Dynamite has created this very special book featuring Red Sonja and a selection of the exceptional artists who have depicted the She-Devil! Features the "sexy" art of Alex Ross, Michael Turner, Frank Cho, Jim Lee, Steve McNiven, George Perez, John Cassaday, Michael Turner, JG Jones, Mel Rubi, Neal Adams, and so many others, including unseen sketches and illustrations.
