It really is a must have for any fan of good anime. I just wish it had more content. Being a 100 plus pages just was not enough! It is a shame that we will no longer see more works of his. It's a great compilation of Kon's workBy JiguIt's a great compilation of Kon's work! Too bad there isn't more material from Paranoia Agent, one

Director Satoshi Kon blazed a brilliant animation career before his tragic death in 2010 at age 46. Now Dark Horse is privileged to remember him and his works through *The Art of Satoshi Kon*, a beautiful book of Kon's illustrations for his movies *Perfect Blue*, *Tokyo Godfathers*, *Millennium Actress*, *Paprika* and his television series *Paranoia Agent*, plus his unfinished *The Dreaming Machine*, his manga, commercial art, and several little-known and incomplete projects by the creator! Includes a special message from Academy Award nominated director Darren Aronofsky (*The Wrestler*, *Black Swan*, *Noah*)
