Ron Marz : Artifacts Volume 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Artifacts Volume 1:

0 of 0 people found the following review helpful. Good, but confusing for a newcomerBy CustomerThis is Top Cow's big event, bringing together their different characters for an epic battle which will result in either keeping things as they are or essentially the end of the world. The race is on to collect the thirteen artifacts of power. There is obviously a lot of care and thought which went into this, and I cannot knock the artwork. Top Cow bills this as a great introduction

of their many characters for newcomers. As a newcomer myself, I would disagree. Yes, it definitely showcases what they can do and it does make me want to read some of their individual comics, but for me this huge crossover with so many characters ultimately became confusing with no background in their characters. I do recommend this book and I will read more of their work, but I will most likely read their individual books before continuing this storyline. I read this on my 7" kindle fire HD and had no problem reading it with the panel view. 0 of 0 people found the following review helpful. A good comic series By Mark N. Read Artifacts Vol. 1 and was instantly hooked. I've read The Magdalena series and that's how I eventually found out about this comic series. The story-line is pretty good, artwork is beautiful, and overall worth what I paid. I originally wanted the comic version but it proved very hard to find locally. Found this series on and ended up with it. A good deal for its price. A good comic starting out, but I imagine reading up on The Magdalena, The Darkness, Witchblade etc would give you the full experience. I personally haven't read up on the other characters, but I ended up enjoying this comic. Overall a must read! 0 of 0 people found the following review helpful. Reacquainted with a past love. By Carmen Based on suggestions from avid comic readers, I sought out this series. I am very pleased with the condition of the product, the speed of delivery and the product is beautifully done, from storyline to artwork. Many thanks!

Catch up on the Event of the Year! Discover the series that has everyone buzzing with this introductory priced trade paperback collection released to coincide with the beginning of the second chapter of the yearlong event! Separately, thirteen mystical Artifacts will guide the fate of the Universe. Together, thirteen Artifacts will end the Universe! When a mysterious antagonist kidnaps Hope, the daughter of Sara Pezzini and Jackie Estacado, Armageddon is put into motion. Starring virtually every character in the Top Cow Universe, this is a series for diehard fans and new readers alike. Written by Top Cow Universe architect Ron Marz (Witchblade, Magdalena) and featuring art by Michael Broussard (The Darkness), this volume collects Artifacts #1-4 along with the Free Comic Book Day #0 issue, a beautiful cover gallery, behind-the-scenes extras, and much more! "It's loud, widescreen comic book mayhem that sticks to the roof of your brain!" [4 out 5 stars] Comic Book Resources "...dramatic and heavy...visually striking..." Newsarama
