Ron Marz : Artifacts Volume 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Artifacts Volume 2:

0 of 0 people found the following review helpful. Bad cropping on kindle...Makes a middling book worse.By John MuthThe story is mildly entertaining and lives up to the reputation of a Top Cow book. Whilce Portacio's artwork is a mess and the over-reliance on double page spreads is difficult to follow reading on the screen. And if he were doing the art for the whole series I probably wouldn't continue.But the real issue for this book is the bottom portion of it is

cropped off. A lot of dialog balloons are lost and even in panel mode aren't visible, in-fact the blown up panels are usually worse. Makes me yearn for the good ol' days of physical books. (Too bad I don't have any shelf space.) 0 of 0 people found the following review helpful. Great graphic novel By Daniel E. An interesting mix of sci fi and supernatural. Top Cow is changing their universe with all of the artifact bearers. A must read for fans of Witchblade and The Darkness. 0 of 0 people found the following review helpful. Five Stars By TanyaAwesome

Catch up on the Event of the Year! Separately, thirteen mystical Artifacts will guide the fate of the Universe. Together, thirteen Artifacts will end the Universe! When a mysterious antagonist kidnaps Hope, the daughter of Sara Pezzini and Jackie Estacado, Armageddon is put into motion! Starring virtually every character in the Top Cow Universe, this is a series for diehard fans and new readers alike. The second chapter brings to a head the primal conflict of faith versus technology when characters from Cyberforce enter the stage! Written by Top Cow Universe architect Ron Marz (Witchblade, Magdalena) and featuring art by Whilce Portacio (Uncanny X-Men, The Darkness), this volume collects Artifacts #5-8 along with character profiles, a beautiful cover gallery, behind-the-scenes extras, and much more!
