ONLY the Artifacts vol. This issue reads like a recap 50% from Progeny. Other stories (which aren't repeats so far) involves Tom Judge and Magdalena in Truth and Destines, Tilly in Geometry of Hell. There's also a preview of Witchblade #170 (having the better art than the prev 2 mentioned) Depend on which line you're collecting, you may want to skip this (it's not adding anything new/vital)

Tom Judge has known the world around him is not the world that should exist. He also knows that Darkness bearer Jackie Estacado is responsible for perverting the universe. Tom is determined to confront Jackie to set things right, but first he will need Sara, bearer of the Witchblade, to back him up. Guest starring The Magdalena. Collects Artifacts #24-28.
