**Paul Hornschemeier : Artists Authors Thinkers Directors** before purchasing it in order to gage whether or not it would be worth my time, and all praised Artists Authors Thinkers Directors:

This book collects Paul Hornschemeiers sketchbook portraits of those who shaped his (and many others) artistic views, culled from his drawing blog The Daily Forlorn spotlighted by Tumblr which adds thousands of new followers every week. A self-portrait through one hundred portraits, Artists Authors Thinkers Directors explores cartoonist Paul Hornschemeiers sketchbook renderings of those who shaped his (and many others) artistic views. Culled from his drawing blog The Daily Forlorn, now one of Tumblrs featured illustration blogs, adding thousands of new followers every week these portraits are as stylistically varied as the subjects they portray. A scrawled, single line drawing of Lenny Bruce shares space with a triangular Werner Heisenberg. A monochromatic, stippled Stanley Kubrick stares intently at a muppetheaded Frank Oz. Each turn of the page offers a new take on a familiar face. In the afterword, Hornschemeier includes brief notes on each portrait and that creators particular work or insight that spoke specifically to him. And in that specificity, much of what is universally affecting in each creator shines through. Hornschemeiers graphic novels hop from one aesthetic to the next, varying the line and color quality to depict his narratives mood. He plays with the language of comics. In these portraits we can clearly see him hard at experimentation, adding to his

vocabulary. Full-color throughout.
