I recomend this graphic novel.0 of 0 people found the following review helpful. Five StarsBy ofergreat book0 of 0 people found the following review helpful. Five StarsBy alpGreat

book. Don't miss it

When Desmond Miles is called away on an urgent mission, he entrusts fellow Assassin Jonathan Hawk with File 24. Hawk sets out to search for the Scepter of Isis a powerful ancient artifact, lost in time. Through his Assassin ancestor, El Cakr, Hawk travels to Egypt in 1257, where the Scepter lies in the hands of the new Sultan. Pursued in the present by the formidable Templar agent Vernon Hest, Hawk finds himself in a race against timethroughout time. The first of three fantastic new albums in the second cycle of Assassins Creed graphic novels from Ubisofts Les Deux Royaumes, published for the first time in the English language, Assassins Creed: Hawk is the continuation to the exciting, fast-paced Assassins Creed comic series, featuring an all-new Assassin in an all-new era!

"If you are a fan of the games then this is a must have. It is another cool installment into a video game that in many respects changed how we view video games today. This is worth your time, money and respect." - Nerd Trek  
"The artwork is beautiful and has the standard high quality binding you would come to expect from Titan." - Comics Online  
"If you enjoyed the preceding trilogy than you need to pick this book up. It shows the modern spy versus spy war between the Templars and the Assassins in a level of detail missed by the game." - Geek Nutz  
"Theres an intriguing story, interesting art, and I cant wait to find out what will happen next." - Awkward Geeks  
"Awelcome addition to the franchises universe and canon alike"- Comic Hype  
"Defalis rich and full artwork retains much of the lushness and detail of the software versions while still functioning under its own power and interpretation, and just shows that even with four games currently out (and supplementals), there is still plenty of rich ore to be mined in the Assassins Creed worlds." - Fanboy Comics  
About the Author  
For more than twenty years, Eric Corbeyran has written successful bande dessine scripts. Boundless curiosity and fascination for varied art forms have led him to explore a multitude of stories with a deft and dramatic touch. Having developed many successful projects with Eric Corbeyran, Djillali Defali now turns his dramatic and realistic style to the detailed authenticity of the world of Assassins Creed.
