Great omnibus edition!By Vinessa AtkissonBought this edition at Fredcon, a tiny little comics convention in Virginia. Great omnibus edition of Atomic Robo comics! This edition includes three different Atomic Robo stories, in a nicely done, thick paperback format. The pages are beautifully covered, and the entire thing is rather

heavy and seems well bound. My favorite are the She-Devils, a group of female sky pirates out there making jetpacks and saving robots from certain doom! 0 of 1 people found the following review helpful. Incredible! By Customer Incredible collection! Highly recommended!

In this well-oiled for your non-sexualized gaze collection, Atomic Robo teams up with jet-pack clad lady pirates, travels to Hollow Earth, and at long last, becomes a cowboy. Collects The Flying She-Devils of the Pacific, The Savage Sword of Dr. Dinosaur, and The Knights of the Golden Circle for your reading delight. Or maybe more?

If you like action-adventure, Indiana Jones, dinosaurs, or science, then you should be reading Atomic Robo. He's worked for just about every comics publisher out there, but he spends most of his time cranking out new pages of Atomic Robo.
