Beautifully drawn, a great plot and character development consistent ...By Emily Beautifully drawn, a great plot and character development consistent with the show. 'The Rift' is the best of the Avatar comics so far, in my opinion; Gene Luen Yang gets more and more comfortable with writing these characters with each new installment. If you are a fan of Toph especially and want to see more of how her life develops after the show, you should check out this comic. But the best surprise in here is a fantastic and fascinating back story featuring an avatar who has previously been something of an enigma: Avatar Yangchen. Yangchen's story alone (and the absolutely beautiful artwork that goes with it) makes this comic worth checking out. The hard cover edition is really beautiful, with large pages to show off the artwork to its full advantage. Admittedly, anyone who's not

already familiar with the show and its lore probably won't be able to jump in here without being pretty confused, and most of the best parts of the plot rely on knowing back story and characterization from the show, so I wouldn't recommend it to anyone just starting to get in to the universe or only familiar with it from "Legend of Korra." But for big dedicated Avatar nerds, I would highly recommend it. 0 of 0 people found the following review helpful. A Brilliant Start To a Great Story By AwesomeJohn22 As a huge fan of this series, though admittedly not until after the series had nearly ended on TV, I want to love every bit of ancillary Avatar: The Last Airbender fiction. I got so hyped for the live action movie, and was so let down. I wanted more Avatar, more GOOD Avatar, and eventually went searching for news from the creators of the cartoon. That's when I stumbled on the existence of the comics, and I knew I had to buy them. So I gathered up old gift cards to alleviate the strain on my wallet, and bought The Promise and the first two parts of The Search (part three was not published yet) all at once, and I am so glad that I did. The art is beautiful, and the story so immediately captures the tone and pace of the cartoon that before long it was like watching the show again, which was in turn like revisiting an old friend. As for this particular installment, it is a fantastic beginning to a story that, as an Avatar fan, I felt genuinely NEEDED to be told. The decision to include the antagonistic Azula in the party for this adventure was a stroke of genius (she's my favorite character) as this is the closest that the protagonists and she have ever come to having common goals. All in all, I could not be happier that I own this, and re-read it as regularly as I re-watch episodes of the show. 0 of 0 people found the following review helpful. A great extension of the series. By Foxlore I was a late-comer to the animated show and its sequel series, but quickly grew to love both. Having the comics serve as a bridge is a great idea. The art and writing match the series well. It's just a shame that these stories couldn't have been made into OVAs as well. They do borrow a couple moments from the last episode. This review is for the kindle version of the single comic. I plan to get the collected trade book at some point in the near future.

The Avatars adventures continue right where the TV series left off, in this beautiful oversized hardcover of The Promise, from Airbender creators Michael Dante DiMartino and Bryan Konietzko and Eisner and Harvey Award winner Gene Luen Yang! Aang and friends must join together once again as the four nations tenuous peace is threatened in an impasse between Fire Lord Zuko and Earth King Kuei! As the world heads toward another devastating war, Aangs friendship with Zuko throws him into the middle of the conflict! Collects Avatar: The Last Airbender The Promise Parts 13, plus a brand-new sketchbook.
