**Jonathan Hickman, Nick Spencer, Jason Latour : Avengers by Jonathan Hickman Omnibus Vol. 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised Avengers by Jonathan Hickman Omnibus Vol. 1:

22 of 22 people found the following review helpful. Almost everything I wantedBy MichaelThis review is going to focus on the book and its contents rather than the story. Let me give a pre-emptive apology for the terrible camera quality, my phone's camera is embarrassing. Like most of Marvel's recent collected editions the paper is relatively thin, so that if you hold up a page against light you can see through it, though personally I don't mind thin paper, nor do I

lift pages up to read them. When read with the pages flat, seeing through the art doesn't happen. There's almost no gutter loss, though it's inconsequential anyway as Hickman has veered from 2 page spreads because of how problematic they are in digital formats. I included some pictures with examples of a grid page, 2 single page spreads next to each other, and a 2 page spread variant cover in the back. Speaking of the covers, they are, unfortunately, not between the issues. However, there are marked page breaks between issues so you're not stranded guessing where one ends and another begins. The covers are collected in the back of the book, packed together with just about every variant for all the issues contained. The originals and most variant covers get a page to themselves, the variants that don't are 3-4 per page. Also there are 4-5 pages of sketches for design concepts by Jerome Opena and Dustin Weaver. The cover without the jacket off is white with a blue Avengers logo that mimics the front cover in the blue areas, the spine and back are blank white. Aside from the inside dust jacket there's no special foreword or message. I'm not super experienced with hardcovers and omnis so I can't say how the binding is, hopefully the pictures can help if that's a big deal to you. For the meat of this review I've included how all the issues are ordered; this has also been confirmed as the "Hickman approved order." I've triple checked it and can confidently say this is how it's ordered in the book, despite the creator credits in the front compacting so many issues together. A 1-3NA 1-3A 4-5NA 4-6A 6-13NA 7A 14-17(The Infinity part of "Free Comic Book Day 2013: Infinity 1" is part of Infinity 1, so IDK why that's included in the contents.) Infinity 1NA 8-9A 18Infinity 2NA 10A 19Infinity 3A 20Infinity 4A 21NA 11Infinity 5A 22-23Infinity 6NA 12Infinity: Against The Tide 1-2 (A note, while Infinity was going on the first part of this was after Infinity 1, the second after Infinity 3. I can't say where it's best read but it's amazing that it was even included considering it's the only thing in the book not written by Hickman, instead done by Jason Latour.) Covers and sketches Shang-Chi: Master Of Kung-Fu (This and Mojoworld are some early, standalone stories Hickman did in his first years at Marvel. Not relevant to this Avengers run but some fun backmatter.) Mojoworld 1-6 I tried to capture the scope in some of the pictures with the Watchmen TPB and a regular sized fantasy novel, but it just wasn't happening, trust me when I say it's big, thick, and heavy. If you have any further questions feel free to ask. 0 of 0 people found the following review helpful. An excellent presentation of another Hickman epic By Customer An excellent presentation of another Hickman epic, if you love a story of grand scale featuring faces from all across the Marvel universe, this book is for you 0 of 0 people found the following review helpful. Amazing book!! By Kyle W. Richee Couldnt wait for it. Arrived on time. Beautiful art work and amazing story. Hickman is a genius!! Loved the way its published as well. So glad I preordered!

Modern visionary Jonathan Hickman begins his Marvel magnum opus! As threats to Earth mount, the Avengers expand! And while Iron Man and Captain America assemble their Avengers World and strive to decipher the meaning of the White Event, Tony Stark secretly tries to solve the biggest crisis of all, along with his influential allies, the Illuminati! While they seek to prevent the collapse of reality itself, the Avengers face a war on two fronts! Protecting Earth from the Builders may only hand it to... Thanos! COLLECTING: AVENGERS (2012) 1-23, NEW AVENGERS (2013) 1-12, FREE COMIC BOOK DAY 2013: INFINITY 1, INFINITY 1-6, INFINITY: AGAINST THE TIDE INFINITE COMIC 1-2, ASTONISHING TALES: MOJOWORLD 1-6, MATERIAL FROM SHANG-CHI: MASTER OF KUNG FU (2009) 1
