By JDinkhouse While I gave these stories, and the presentation, 5 Stars, I'll let you all in on a secret: Don't buy this. Buy the Infinity Hardcover. It features every single issue contained in this volume, plus the 6 issue Infinity series and the New

Avengers Infinity tie-in issues (these are also in New Avengers by Jonathan Hickman Vol. 1). Yes, it has a higher cover price, but these issues NEED to Infinity issues to pair with them (just as with the New Avengers issues).

Infinity is upon us! The Avengers must act fast when alien races fleeing an intergalactic terror crash to Earth. Captain Universe and Manifold take a trip across the universe...but whatever happened to Ex Nihilo, Abyss, Starbrand and Nightmask? As the Avengers recruit more members to deal with the mounting threat, the Builders enter the universe - and cosmic war begins. Deep in space, the Avengers join the intergalactic fight, but the Builders have already decimated the forces of the mighty Skrull Empire - so what chance do Earth's Mightiest Heroes stand?
