Jonathan Hickman, Nick Spencer : Avengers by Jonathan Hickman Volume 1 (New Avengers) before purchasing it in order to gage whether or not it would be worth my time, and all praised Avengers by Jonathan Hickman Volume 1 (New Avengers):

0 of 0 people found the following review helpful. Five StarsBy Enigma1969This is amazing book. The writing and the art work. Great edition too. Hardbound and sturdy.2 of 3 people found the following review helpful. Avengers WorldBy Jacob AlvaradoThis large scale collection contains the first 13 issues of Hickman's Avengers run (incorrectly labeled as 11 and it's not the first Marvel comic to be mislabeled here). Ex Nihilo and his sister, Abyss are attempting

to remake the human race into something greater which brings them into conflict with the Avengers who aren't too fond of the destruction they will cause to achieve this goal. Three Avengers and one new megapower get backstory/introduction issues: Hyperion, Smasher, Captain Universe Starbrand. The final third focuses on the Avengers dealing with the effects of Nihilo's earlier attack. 5 of 8 people found the following review helpful. Incorrect description By KyleSleeps I write this review as a warning, the collection does not have all of the issues listed in the description. I pre-ordered this because it said it contained issues: NEW AVENGERS 1-13, INH, 14-17. This however is incorrect, it only contains Issues 1-12 of the New Avengers series. Now it is a nice sturdy book and the story, so far, has been good, but it is not a smart buy. The second half of this collection contains issues which are also in the Infinity collection which is a crossover event with Hickman's other Avengers book. The two series are really one large story and so to understand what is going on you will need to buy that collection anyway. If you are considering reading this series, just buy the first TPB Everything Dies and then the Infinity collection.

The greatest heroes in comics, together as one unbeatable team! The Avengers "go large," expanding their roster and sphere of influence to a global and even interplanetary level. Who will respond to Captain America's call? The Avengers' first missions take them to Mars, and then far across the galaxy as Captain Universe races to decipher the secret origin of the universe itself! Then, the Avengers must deal with the White Event as strangely familiar new heroes are born! COLLECTING: AVENGERS (2012) 1-11

About the Author Jonathan Hickman is an American comic book writer and artist. He is known for creating the Image Comics series The Nightly News, The Manhattan Projects and East of West, as well as working on Marvel Comics' Fantastic Four, FF and S.H.I.E.L.D. titles. In 2012, Hickman ended his run on the Fantastic Four titles to write Avengers and New Avengers, as part of the "Marvel NOW!" relaunch. In 2013, Hickman wrote a six-part miniseries, Infinity, plus Avengers tie-ins for Marvel Comics.
