Fan-favorite creators Kurt Busiek and George Prez craft a new era for Earth's Mightiest Heroes! The Avengers forge an uneasy alliance with the Thunderbolts to face Count Nefaria -- but the true threat comes from the stars as Earth is declared a cosmic maximum-security prison for alien criminals! To save their planet, and contend with hordes of rampaging Hulks and the spawn of Ultron, the Avengers must rebuild their operation bigger and better than ever. But none of it will do any good when the time-spanning Kang the Conqueror wages war on the present day...and wins! Now, Captain America and a small band of rebels may be the world's only hope for freedom! COLLECTING: AVENGERS 24-56, 1 1/2, ANNUAL 2000-2001; THUNDERBOLTS 42-44; MAXIMUM SECURITY: DANGEROUS PLANET; MAXIMUM SECURITY 1-3; AVENGERS: THE ULTRON IMPERATIVEWritten by KURT BUSIEK, ROGER STERN, FABIAN NICIEZA, ROY THOMAS STEVE ENGLEHART Penciled by GEORGE PEREZ, STUART IMMONEN, JOHN ROMITA JR., STEVE EPTING, ALAN DAVIS, MANUEL GARCIA, KIERON DWYER, BRENT ANDERSON, IVAN REIS, PATRICK ZIRCHER, YANICK PAQUETTE, BRUCE TIMM, NORM BREYFOGLE, RICHARD HOWELL, MARK BAGLEY, JERRY ORDWAY MORECover by GEORGE PREZ

"The Busiek/Prez run on Avengers is one of the high points of the series, re-cementing the importance of the team in the Marvel Universe, as well as redefining some of the classic characters -- most notably Ultron, in this collection. Like really scary Ultron tales? Then you'll love this! Prez moved on to other projects soon after this story, paving the way for some other great artists to step in, including Stuart Immonen, Alan Davis, and Jerry Ordway, just to mention some of my favorites. A great run of stories and an amazing era of the series!" -- KC Carlson "Now this is the book I've been waiting for! I have most of the first omnibus in various paperbacks, but I've held off on reading the epic "Kang Dynasty" until this book came out. Plus it includes the core issues of Maximum Security for full completeness; Volume 1 similarly collected Avengers Forever. -- Doug Glassman"Maximum Security is an entertaining and tightly scripted crossover involving many of Marvel's cosmic entities, including Ronan, Ego, Quasar, the Shi'ar, the Skrull, and the Supreme Intelligence. Despite the giant cast of characters, however, little back knowledge is required of readers to follow the events. Particularly noteworthy are John Romita Jr.'s beautiful layouts for Avengers #35." -- G. Steirer "The Avengers philosophize about what constitutes life, while fighting Alkhema and her robotic civilization in Avengers: The Ultron Imperative ... a "jam" comic [with] writers and artists taking turns handling each part of the story. In this case, former Avengers writers Roy Thomas, Roger Stern, and Steve Englehart join Kurt Busiek to craft an outstanding tale."-- Steve Horton"Busiek's run is one of the great Avengers runs of all time, up there with Thomas and Stern ... Busiek really gets the personalities and relationships of the classic Avengers." -- David P. LyonsAbout the AuthorKurt Busiek has been writing comic books professionally since selling his first Green Lantern script to DC Comics in 1982. Well-known for his encyclopedic knowledge of comic-book history, Busiek's career reached superstar status in 1994 with Marvels, painted by Alex Ross. Chronicling the landmark events of the early Marvel Universe from an ordinary reporter's point of view, this ground-breaking project earned Busiek and Ross the prestigious Eisner Award for Best Finite Series. Busiek's writing highlights include Thunderbolts and Iron Man, as well as his collaboration with artist George Prez on Avengers and the historic JLA/Avengers crossover. Busiek continues to write his creator-owned Astro City, now in its 20th year. George Prez has been a legend in the comic-book industry seemingly since his first professional work in 1973. Prez had already drawn nearly every major character at both Marvel and DC -- including the New Teen Titans, the Justice League of America, the Fantastic Four and the Avengers -- when he illustrated Crisis on Infinite Earths, a massive series that redefined the DC Universe for a generation. Next, he embarked on an acclaimed five-year run on Wonder Woman. Well-known for his skills handling large casts of characters, Prez surpassed all expectations with his artwork on JLA/Avengers, a 2003 crossover that featured nearly every member of both teams.
