Dan Abnett : Avengers: Everybody Wants to Rule the World Prose Novel before purchasing it in order to gage whether or not it would be worth my time, and all praised Avengers: Everybody Wants to Rule the World Prose Novel:

0 of 0 people found the following review helpful. Great up until the end. It was exciting throughout until the endBy BrianGreat book but lackluster finish. The final villain seemed like less of a threat than any of the earth related threats. I wonder how the final villains were taken seriously by everyone else. Won't spoil who they are0 of 0 people found the following review helpful. Good read. Love dan abnett's writing styleBy douglas m goines IIWell written. Action packed. Typical abnett! Believable plots tied together to create an epic avengers story. Get it. Read it. Rate it.0 of 0 people found the following review helpful. It'd be a cool movieBy jason xAwesome book a very quick read with lots of action. I have loved almost every Marvel prose novel I've read. Quite a plot twister. Read it

Just in time for Marvel's Avengers: Age of Ultron: an all-new, original prose novel by the New York Times- bestselling author of Rocket Raccoon and Groot: Steal the Galaxy! and Guardians 3000! The Mighty Avengers face an array of their greatest foes-all at once! In Berlin, Captain America battles the forces of Hydra. In the Savage Land, Hawkeye and the Black Widow attempt to foil A.I.M. In Washington, Iron Man fights to stop Ultron. In Siberia, Thor takes on an entire army. And in Mangapore, Bruce Banner and Nick Fury battle the High Evolutionary. Only one thing is certain: This isn't a coincidence. But what larger, deadlier threat lies behind these simultaneous attacks on Earth?

About the Author Dan Abnett (born 12 October 1965) is a British comic book writer and novelist. He has been a frequent collaborator with fellow writer Andy Lanning, and is known for his work on books for both Marvel Comics, and their UK imprint, Marvel UK, since the 1990s, and also 2000 AD. His Warhammer Fantasy and Warhammer 40,000 novels and graphic novels for Games Workshop's Black Library now run to several dozen titles and have sold over 1,150,000 copies as of May 2008. In 2009 he released his first original fiction novels through Angry Robot books.
