Hinako Takanaga : Awkward Silence, Vol. 2 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Awkward Silence, Vol. 2:

1 of 1 people found the following review helpful. Love it! By BookMonster Awkward Silence is one of the most adorable yaoi mangas I've read in awhile so I was very excited when I saw that they were released on paperback and bought the first two immediately. There are four volumes thus far, the first three of which can still be read for free online, so the fourth one will be a surprise for me and I do look forward to that. However, on the scans online the second volume came with a little "extra" story at the end of it, the "Special Pointy-Ears Edition" I believe it was called featuring Tono and Tamiya but as a cat and dog respectively, with the promise of more to come of this edition in the following volumes. Now in the paperback version, while it has the extra story "First Voice" featuring Tamiya's point

of view, I was very disappointed to find that it did not have the Pointy-Ears extra. I read the "Afterword" from the author, it says that the extra story will not be included in the graphic novel and is being offered as a gift in picture-book type format for readers, but only in Japan... I did take off a star for that. It was a really cute extra that really added to the manga. So, if you read the first volume and loved it - definitely pick this one up, it continues to be excellent. If you are new to the series and purchasing the first volume, don't be scared to get this one too. I highly recommend this series to all yaoi fans and I think it's a good one to start off with if you're new to the genre. It is mostly about their relationship and while there are sex scenes, some pretty steamy ones too, they are not (at least to me, though I may admittedly be a poor judge) overly graphic. 1 of 1 people found the following review helpful. More from my favorite awkward couple By Deatres R. Bagby This volume delves more into Keigo and Satoru's relationship as well as introducing new characters (in true manga/anime style) that test their bonds of love. Still loving this series. It's also great to see more of Satoru's parents. 0 of 0 people found the following review helpful. Love it. By darianSexy, cute and amazin. Love it.

Too shy for love. Satoru and Keigo had plans to go away on vacation together, but Keigo got stuck with mandatory baseball training camp. Shy Satoru has something important to say to Keigo, so he decides to break into the training camp in the middle of the night to see him. Reads R to L (Japanese Style) for mature audiences.

About the Author Hinako Takanaga was born on September 16 in Nagoya, Japan. She is the creator of many popular series, including *The Tyrant Falls in Love*, which was also adapted into an anime series. She is a virgo, blood type O, and a self-proclaimed coffee addict who can get violent if she doesn't get her daily dose. A fortuneteller once told her she wasn't suited to be a manga artist, but she doesn't believe in fortunetelling anyway. She currently lives with her vicious cat Choro.
