Hinako Takanaga : Awkward Silence, Vol. 5 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Awkward Silence, Vol. 5:

I've stuck with this story this long because I enjoy the main characters very much. I feel like they will be together for the long run like Tono's parents. The second couple is a disaster. In the real world they wouldn't last six months or Yu would murder Kagami. The characters are in agreement that Yu needs to be true to his feelings. I agree BUT it's Kagami who's truly at fault here. I've decided that Kagami is a sadist but Yu is not a masochist. He doesn't want to punch Kagami. He wants what we all

want, to be listened to and understood. Kagami ignores Yu's warnings and does what he hates anyway. The notion is Yu, as a tsundere, secretly likes it. Tell that to Kagami's face. I feel that in the real world, Yu would dump Kagami for his lack of respect for his feelings. But they are the second couple and it will work out somehow. Or Yu is that in much in love? Or that desperate? Or lonely enough to put up with Kagami? He is supposed to be a smart guy, you would think he would have figured out Yu's likes and dislikes by now. Or he's just a sadist. There is a third couple who also has communication problems but it's obvious they truly love each other. The older one got a huge lesson in how to talk to his boyfriend. I believe he understands now. They will go forth in happiness. Kagami could learn from them. 0 of 0 people found the following review helpful. Love it By Jude~4.5/5 (Contains light spoilers.) It's been over a year since the last volume, I think, but I'm still just as in love with this series. First, the main pair go on a trip during vacation, knowing that the school year will be getting very busy for them. They're interrupted by the second pair, of course. And when they get home, they're seen kissing by Satoru's mother. I love Satoru's parents, seriously. They're so cute and lovey-dovey, and Satoru and Keigo are so similar. So cute! The second half of the volume includes some drama, as Satoru starts an art course, getting prepared for university after high school, and gets hit on by an older student. Then Keigo joins cram school next door, and we find out that Satoru's tutor is having troubles with his boyfriend. It all turns out rather sweet, really. Mostly, I'm in this for Satoru and Keigo, and they're very cute and steamy in this volume. I just love them, and am always happy for a new volume, even if they're far between. I definitely recommend the first 4 books before reading this one but ... By Kara McElroy I definitely recommend the first 4 books before reading this one but I've loved this story for years. This book is the long-awaited 5th book and it was definitely worth my wait! I don't want to spoil anything but gah. Anyone who loves yaoi should definitely read this series. It's amazing.

Satoru Tono is too shy to speak to classmate Keigo Tamiya. Instead he fills his sketchbook with drawings of the boy he likes. But perhaps Keigo has noticed him too...? Keigo surprises Satoru with a three-day trip to Karuizawa, but when the couple returns home, Satoru's mother sees them kissing goodbye. Now that his parents know about their relationship, what will happen to Keigo and Satoru's romance?

About the Author Hinako Takanaga was born on September 16 in Nagoya, Japan. She is the creator of many popular series, including *The Tyrant Falls in Love*, which was also adapted into an anime series. She is a virgo, blood type O, and a self-proclaimed coffee addict who can get violent if she doesn't get her daily dose. A fortuneteller once told her she wasn't suited to be a manga artist, but she doesn't believe in fortunetelling anyway. She currently lives with her vicious cat Choro.
