Kelley Puckett : Batgirl Vol. 1: Silent Knight before purchasing it in order to gage whether or not it would be worth my time, and all praised Batgirl Vol. 1: Silent Knight:

0 of 0 people found the following review helpful. Great artwork, great story but doesn't use the material to it's fullestBy Collector of Rare and Unique ItemsFantastic artwork and that's why I bought this graphic novel. We follow the story of Cassandra Cain and how she tries to be the new Batgirl. I found the story to be too streamlined, focusing

only on her desire to be Batgirl. Without giving away anything, I thought she would have tried to interact with the world around her, seeing society in a way that she had never seen before. The writers could have done a LOT with giving us that viewpoint. Instead we have a vigilante doing everything to be Batman, the story is a pop hit, but could have been a symphony. 0 of 0 people found the following review helpful. Great, but with some flaws By Barbara I want to start the review by saying that I gave this 5 stars just because I've read the whole series before so I know where its going and I dont want people to see the rating and decide not to give it a shot Cassandra is my favorite Batgirl and this is my favorite Batgirl series ever (although I did like Gail Simone's new 52 Batgirl a lot too). Shes one of the most interesting DC characters and definitely the most interesting Batfam member to me. I do agree with some other peoples complaints that some things in the book felt rushed and came out of nowhere (the metahuman taking away her ability to read body language) but that made her vulnerable and allowed us to see a different side of her. She doesnt speak a lot as she cant so this is a mostly action-centric and serious. The character keeping it from being too grim is Barbara Gordon, the original Batgirl who becomes Cassandras mentor In conclusion the story is great (after this continues to get even better) although it has some flaws and the art fits the tone of the book and the character 0 of 0 people found the following review helpful. Super cartoon like art, but great stories and characters. By Fayecaassandra cain is amazing. Been looking forward to finding/buying these in graphic novel form!

Kelley Puckett and Scott Petersons classic take on the fan-favorite Batgirl! Cassandra Cain is a fighter like no other. At only 17, the teenage assassin takes down enemies three times her size without batting an eye. But her incredible skills come at a cost: unable to speak or write, Cassandra instead reads body language as naturally as breathing an ability that makes her even deadlier. After Batman witnesses her save the life of Commissioner Gordon during the events of No Mans Land, the Dark Knight sees in Cassandra the successor to the Batgirl name. Now, under the tutelage of Barbara Gordon the original Batgirl herself Cassandra Cain must find a new purpose and make amends for her violent past. But can someone who was born to kill ever be worthy to take up the cowl of a fallen legend? Collects BATGIRL #1-12 and BATGIRL ANNUAL #1.

About the Author Kelley Puckett has been writing comics for far too long, by general consensus. He has worked on such series as Batman Adventures, Batgirl and Kinetic and Supergirl for DC Comics.
