Kyle Higgins, Christos Gage : Batman Beyond 2.0, Vol. 2: Justice Lords Beyond before purchasing it in order to gage whether or not it would be worth my time, and all praised Batman Beyond 2.0, Vol. 2: Justice Lords Beyond:

0 of 0 people found the following review helpful. Lots of nostalgia for old JL/JLU/BB fans, and a great book in its own right. By A Volume 2 of the Batman Beyond 2.0 series compiles the Justice Lords arc from across the Batman Beyond 2.0 series and Justice League Beyond 2.0 series. Similarly to the other books in the series, this book takes

place in the same continuity as the DCAU produced by Bruce Timm, which includes Batman TAS, Superman TAS, Batman Beyond, Justice League, and Justice League Unlimited (and Static Shock). So if you were a fan of these shows, or like most of us, grew up watching them and got into comic books because of them, this is a great book to consider. Volume 2 is especially great, because it concludes the Justice Lords arc, that started in the original Justice League show in the two part episode "A Better World", so the nostalgia factor is pretty strong in this one. It doesn't give you a definitive end for these characters, but it does offer a satisfying conclusion, after showing what happened to the original Justice League. On its own, this is still a great story, although I wouldn't recommend getting this Volume alone without also getting the first Volume, as the story would be confusing otherwise. Still if you're a fan of books like Injustice, this one has a very similar tale. In fact Injustice is largely inspired by the Justice Lords arc, so this would be interesting for fans of the Universe. The issues in this TPB are inserted chronologically, so you'll notice a change of art between pages, as the book shifts between Batman Beyond 2.0 and Justice League Beyond 2.0, which could be jarring. The art itself however is very solid, with an animation-esque style for the Batman Beyond series, and a beautiful stylized style for the Justice League Beyond series. I highly recommend this book, especially for fans of the original TV Shows.

By Customer Yet another amazing edition to the Batman Beyond lineage. The story of the Justice Lords is one many fans of the Justice League TV show have been lacking true closure on, and this book provided just that and more. Probably the best, or close second best, of the entire series.

0 of 0 people found the following review helpful. Plenty of Action But Also Thought Provoking

By D. B. Levenstam If you loved Batman: Beyond and the Justice Lords episodes of Justice League, you'll love this too. Just (no pun intended) be aware that it's a bit less focused on Terry and Bruce, and a bit more focused on the two Supermen (Supermans?!) and Diana than a typical episode of Batman: Beyond. Even if you don't know either TV series, you will probably find it good alternative superhero fiction, with plenty of action but also thought provoking.

Contains the epic "JUSTICE LORDS BEYOND" crossover! Wonder Woman is back, but it seems like she's hiding something. Meanwhile, Batman's journey through the dystopian world of the Justice Lords takes an unexpected and deadly turn as he must face Lord Superman! Can an exhausted Justice League and Terry McGinnis against this deadly foe? Collects BATMAN BEYOND print issues #9-12.

"Adding a fresh coat of storytelling to a popular character."--CBR

"Very much like the classic TV series but moves the characters appreciably forward."--IGN

About the Author Kyle Higgins is an American comic book writer best known for his work with DC Comics. Higgins' knack for dynamic action scenes and pacing make him one of the best up and coming talents in the industry. His previous works include the fan favorite DC Comics - The New 52's NIGHTWING, the limited series BATMAN: GATES OF GOTHAM along with best-selling writer Scott Snyder, as well as BATMAN and DETECTIVE COMICS.
