**Adam Beechen : Batman Beyond: Hush Beyond (Batman (DC Comics))** before purchasing it in order to gage whether or not it would be worth my time, and all praised Batman Beyond: Hush Beyond (Batman (DC Comics)):

0 of 0 people found the following review helpful. Not bad, but not greatBy tux2460The comic doesn't have the same feel as the animated series. I wouldn't call it a bad book, but it just doesn't fill the shoes of the series. In my opinion it requires a bit more suspension of disbelief as the story is a bit over the top even for a comic about a man dressed in a batsuit.As a stand alone piece it is rather enjoyable, but when connected to the series the characters seem to take a few

steps back in character development as compared to the TV series. Bruce seems to suffer the most from this as he appears to basically be back to the man he was at the start of the TV series. The addition of a new Catwoman seems a bit unnecessary and gimmicky. I do like the fact that they took a different direction for the dynamic between Batman and Catwoman. Which helps convey the fact that Terry is a completely "different" Batman, his reactions and banter with the Catwoman are definitely more fitting to him than they would be Bruce. While I've been harsh on the book, it is still an enjoyable read so long as you aren't expecting a continuation of the TV series. It isn't the best series I've read but it isn't the worst which is why I rated it a 3.0 of 0 people found the following review helpful. cool concept. amanda waller is devious as By Customerget only if you're a batman beyond fan. cool concept. amanda waller is devious as ever1 of 1 people found the following review helpful. Surprisingly a great book! By KyleAt first, I was a tad bit hesitant to read this, seeing as how I thought it would be a crappy tie-in with the T.V. show, however, after reading it, I realize now it's one of my favorite Graphic Novels in my collection! It was just really good! The art was great, the story was awesome, and the plot twist was unexpected. This novel answered many of my questions such as what did Bruce Wayne's allies/ enemies do in neo-Gotham? Anyone whose wondering weather or not to buy this, I highly recommend it.

A new graphic novel inspired by the fan-favorite animated TV series Batman Beyond! Terry McGinnis the Batman of the future and an elderly Bruce Wayne the original Batman are the sworn protectors of Neo-Gotham. But when someone targets The Dark Knights old foes, the new Batman must begin a case that reaches back into Bruce Waynes past and puts Terrys future directly in danger.
